

CULE/PSAC Ratification Vote

A tentative agreement has been reached on March 23, 2017 and a ratification vote has been scheduled. It will be the same voting process we have been using for the election process.

There will be **two separate ratification votes** taking place at the same time.

The first ratification vote will be taking place for our Canada Labour Code members in the North. **CULE members working in the North (YT, NT, and NU)** should print out and return the ratification vote ballot (**print on yellow paper**), using the double envelope system to the Ottawa RO.

The second ratification vote will be taking place for our **members in BC, Prairies, Ontario, NCR and the Atlantic regions** should print out and return the ratification vote ballot (**print on green paper**), using the double envelope system, to the Ottawa RO.

It is crucial that members' mark their **name and regional office on the outer ballot envelope**. Envelopes not marked as such cannot be verified and the ballots enclosed within will be considered spoiled.

The **deadline** for the receipt of the ratification vote ballots by the **Ottawa RO** (see address below) is **4:00 p.m. EST, Wednesday, May 10, 2017.**

The results of the ratification process will be provided to the membership as quickly as possible after the vote count has taken place.
